

March 30, 2022

Tonight is a night where you can spend dedicated time where you would have been at worship opening up your Bible and studying God's word! If you are home with your siblings, this could be a really neat opportunity for you to spend time spiritually developing together as siblings!

THINK BACK

If you are by yourself, write down these answers on some paper! If you are with a group, talk about them out loud!

When is a time that you have received a warning that has helped you avoid a terrible situation? Why did that warning help you? Had you not listened to the warning, what would have happened to you? After you realized how a warning helped you, what did you feel about the person/thing that gave you a warning?

READ

Ezekiel 3:16-21

FOOD FOR THOUGHT

- What makes you a spiritual watchman for people around you? (Verse 17)
- If I fail to sound a warning if I see someone in sin, what does that mean for me? (Verse 18)
- Where is the benefit in sounding a warning to everyone around us? (Verse 19, 21)
- Think about what verse 20-21 means for me as a Christian as I interact with other Christians

PLAN

Spend 5-10 minutes setting your goals on how you are going to intentionally sound the warning to people around you

PRAY

Close in a prayer asking God to help you have the boldness to sound a warning to those around you
